Our P.B.S. Values are:
Respect for Ourselves
Respect for Others
Respect for our Learning

Tristan Banks is an author who visited our school and signed some copies of his popular books. He promotes his books on youtube in funny short video clips. We issued the challenge to our students to do the same and as a result win a signed copy of one of his books. Congratulations to Alice Jones and Paige Warren in third place, Grace Campbell and Elina McCormack for second place and to Abbie Kingston who won the competition. Recognition of Service

Yesterday afternoon staff from Catholic Schools across Launceston gathered as part of Catholic Education Week. People associated with Catholic education were recognised for their service. The same gathering happened Tuesday on the North West and this afternoon in the South.

Yvonne Colgrave, a staff member here at SHCS was recognised for 25 years service to Catholic Education. Luke McCormack, from SPC was acknowledged for outstanding service. There was someone recognised for their support of a school, associated in a variety of ways with Star of the Sea for over 50 years!

From the Principal:

Across Catholic schools in Tasmania every day there are people who do, what many might see as mundane or ordinary tasks or roles, extraordinarily. Volunteering for reading, helping in canteens or uniform shops, donating their time or resources, there are many, many people who go unnoticed or under appreciated for how they help their communities.

Since I started Kindergarten, I have been involved in catholic education as a student and staff member for all but 5 years of my life. I no doubt have a biased view however I really believe we offer a climate and culture that is not present in many other schools. We have people committed beyond a pay packet and job to working in the school. We have students, particularly former students with a strong sense of pride associated with SHCS. We have parents who do more than pay fees and expect a service in return, enhancing the climate and culture of the school through their interactions, involvement and help. We have parents who are former students and grandparents and great grandparents still connected with their former school, through extended family.

We all have a role to play in a community. Roles that enhance and help the community and the 'common good' of all people in it. This last year has been decreed by our Pope as a Jubilee Year of Mercy. Schools and parishes are asked to 'open the door to mercy.' I really believe our schools continue to be for the wounded and hurt. This might seem a strange thing to write at first. Each one of us is wounded and hurt in some way. We might not show it, in fact we may devote huge energies to hide it, deny it and pretend that it is not the case. It is easy to see the students who are wounded and hurt, not physically but emotionally and mentally. Our schools are not just for our students but also parents, teachers and staff. We too are also wounded. Lives are complex, difficult and challenging at times and everyone has to manage all the 'outside stuff' while inside the school each day. This is our biggest potential strength and our biggest challenge.

Our school must continue to strive to be a place that all people can feel safe enough in, to be willing to be vulnerable and open. Only then does the potential of the collective ever get reached. In this Catholic Education Week we celebrate the role our schools play to "...educate the whole person ..and that education of the whole person must form the spiritual, intellectual, physical, psychological, social, moral, aesthetic and religious capacities of each child." (Archbishop's Charter for Catholic School's; Preamble.) I think we need to focus just as much on ourselves and each other, as we do for our children. We need to embrace the opportunity that comes in being honest about who we are, who we are not and who we hope and aspire to be.

Staff Olympic News

Jane Hills, one of our Prep teachers has her daughter in law, Maddie Hills competing in the Olympics. Maddie did an amazing job to make the final of the Steeplechase and also finish 7th. Maddie is through to the final of the 3000 metres. This is on around 11am this Saturday. It has been a big week for Jane (and Steve) watching the Olympics and supporting Maddie. We wish Maddie more success on Saturday.

Staff News

Mr. Barry Nas begins his long service leave from the end of today. We wish Barry a great break and welcome Sandra Rein who will work in Barry's role during his break.

Gates

In reviewing our Lockdown procedures we have added further steps we believe will enhance the safety of students.

- At some stages there may be a need to lock the York Street gate for a period of time.
- At any time the gate is locked, there will be 2 phone numbers to ring to gain entrance.
- We understand this is a potential inconvenience for parents and visitors. We also know that the majority of parents will understand that if this situation is in place, that there must be a valid reason and above anything else the safety of our students is the number one priority.

Triathlon

A letter around the Primary Triathlon competition that many of our students competed in last year has been emailed to parents. The school coordinated the registration on behalf of parents and students last year and we will do the same again. This year though registration in the event will not be confirmed until payment is made. The payment is low and the school covers the cost of the bus to and from Devonport for students as well as having a teaching staff member attending.

Thursday 24th November

Primary Schools Basketball Tournament

- **IF YOU HAVE NOT RETURNED FORMS SIGNING UP FOR THE TOURNAMENT (THEY WERE DUE MONDAY OF THIS WEEK) Please make sure they are returned by the end of tomorrow.**
- We have received registrations from many players, which is great.
- Next week we will have training sessions to try and do the best we can in selecting Division 1 teams as well as even Division 2 and 3 teams.
- The cost of participation in the tournament is \$45. **This is for all costs associated with the tournament (but not including entry or admission costs).** As Basketball Tasmania charges admission cost to the tournament, last year and this year we have deliberately kept the cost low to support families. The \$45 does not meet all the costs for the school however we absorb this to support as many students to participate as possible.

RE NEWS

Catholic Education Week

The Catholic Education Week Mass was celebrated on Wednesday at Sacred Heart Church Newstead. Grade 6 Claessens and Davie represented our school beautifully in a mass presided by Archbishop Porteous and priests from the North of Tasmania. The theme of the mass was Opening the Doors of Mercy. At Sacred Heart Catholic Primary School we are reflecting on the Year of Mercy, drawing on the symbolism that Catholic Schools in Tasmania have always and will continue to 'open doors' for all students in a holistic educational sense.

Thanks to all for their participation in this celebration of Catholic Education.

Prayer for Our Sacramental Candidates

Please pray this prayer for the encouragement of our candidates and their families.

"Loving God, we ask you to bless the children of our Parish family who are candidates for the Sacraments. May they always feel your presence in their hearts and lives. We take them to our hearts as you take them to your heart. We pray that by your word and example we will help them along their journey of faith. May our school and Parish community always be a place where they feel welcomed and cherished. We make this prayer in Jesus' name. Amen."

Church Tours with Father Anthony

Father Anthony has kindly offered to take our students on tours of the Church of the Apostles which is celebrating its 150th year this year. Father Anthony has talked to the students about the significant icons and special features of the Church. We have all really enjoyed these tours and thank Father Anthony for explaining the interesting features and significance of many parts of the Church to us.

Special thanks to Barry Nas and the Choir for their musical contributions and beautiful singing

Dad's Arcade

Father's Day activities will be held on Wednesday 31st of August between first lunch and second lunch - 11:30am - 1:30pm.

During this time, we will be holding a "Dad's Arcade" in the Gym. You may remember Caine's Arcade held a few years ago. We would like to incorporate something similar into this year's celebration.

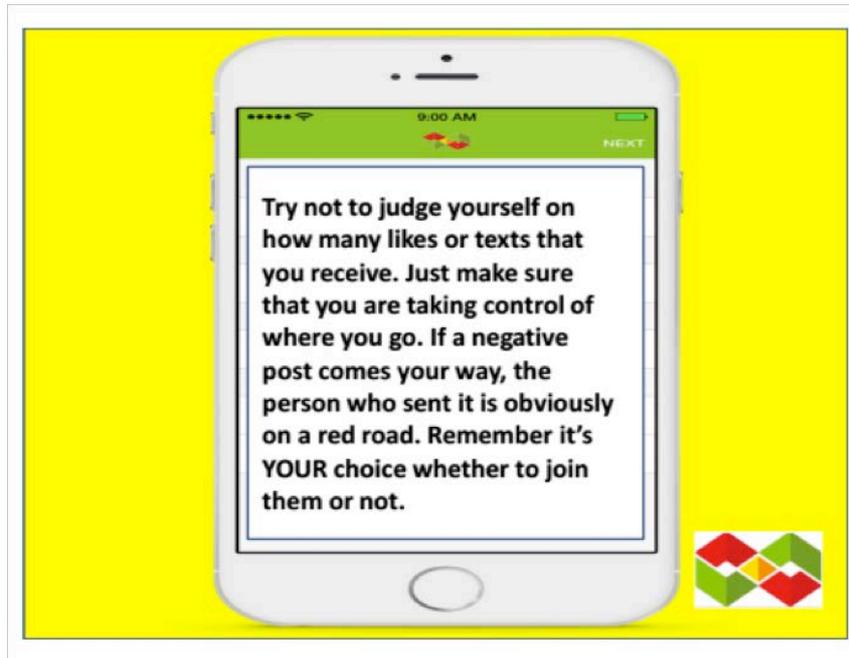

Students are encouraged to bring a homemade Arcade Game to display, play and share with their Dads. In addition, there will be several other 'dad friendly' activities scheduled. Students are also asked to bring a picnic lunch from home to share with their Dad at lunchtime.

So get busy creating an arcade game to play with dad. Dad might even help you build it!

Unpacking the daily MYTERN Message: Social Media

Discuss the following statements and question with the family:

"I think therefore I am" has changed to "I am responded to, therefore I am". If we post on Facebook or send a text and no-one responds, then do we exist?

Family Activity: Social media can easily dominate and influence our lives, and we often let negative posts influence how we feel. Any negative comment shows that the person who has written it is on a red road. Discuss the fact that it is our choice whether we join them on the red road or not. It is not their comment which sends us onto a red road, but our response to it.
