"Inspiring others"

"Always dream and shoot higher than you know you can do. Do not bother just to be better than your contemporaries or predecessors. Try to be better than yourself."

(William Faulkner)

Each and every student at Sacred Heart has potential, Sacred Heart students with potential to achieve and potential to make a positive difference. It is our hope and dream that every child achieves their own dreams and aspirations. Potential can of course remain untapped. There are many examples, in life, of people who haven't made good. Success, no matter how it is measured, requires others to support, to identify, to inspire, to acknowledge, to encourage, to assist and to challenge. As parents we remember listening to the dreams of our children.

Where do these dreams come from? Children are born with vivid imaginations. Imaginations just like bodies need nourishing. Our responsibility as parents and educators is to inspire others, and in particular children. How can we do that?

We can inspire others by

- *Being a good example* (People watch what you do more than they listen to what you say. Be someone worth emulating)
- *Caring about others* (People don't care about how much you know until they know how much you care. Take a genuine interest in people)
- *Encouraging* (Everyone goes through tough times. When you support people and encourage them through these times, you'll be inspiring them to see the best in themselves and the situation.)
- *Be inspired yourself* (Look for people, ideas, environments and knowledge that you find inspiring and motivating.)
- *Share from your own experience* (Mine the rich experiences of your life and share your wisdom from your unique point of view.)
- *Be vulnerable* (Be willing to share your failures as well as your successes. Others will relate to you. They'll understand that they're not the only ones with challenges.)
- *Tell stories* (Facts tell and stories sell. They inspire too. We learn best from parables and we all need to develop our own inspiring stories.)
- *Be a good communicator* (Watch how you speak and what you say)

Challenge people (Many of us have had teachers who at times seemed more like tormentors than mentors. They challenged us to do our best.)

In our school community of 459 children, 52 staff and community members we all have dreams. In our school community there may be the child who grows up to discover the cure for cancer, or the child who is able to make a positive difference towards climate change, or a child that is able to resolve world poverty. At different times in the past five years children from Sacred Heart have expressed a desire to resolve these three issues. It is up to each one of us to challenge and inspire our children to get closer to these dreams.

Our role as educators and parents is critical to assisting our children reach their potential in life. Our roles will vary from supporter, to inspirer, to guide, teacher, challenger and occasionally we 'just need to bring our children back to reality'.

Look around our school this week and notice the 459 children, every one of them has the potential to make a difference in life, maybe as a parent, perhaps as a doctor, maybe as a philanthropist, or a humanist or even a musician.

How will you assist their progress?

It only takes a few positive words or actions to make a difference, to turn a life around, to guide it in the right direction. What words or actions can you and I make to ensure the 459 children at our school reach their potential? As adults we are required to ensure future generations are provided with every opportunity to 'reach the stars and beyond.'

This week ALL of us can either 'stargaze' or 'water the seeds for growth'. Grab your 'own watering can and start watering.'

"Every great dream began with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars and to change the world.
(Harriet Tubman)

Care Team

We recently shared with parents an invitation to join our Care Team.

Sacred Heart Care Team

- C** Community
- A** Actively
- R** Reaching
- E** Everyone

The Care Team was established with the intention of supporting families who needed help, either for a short period of time or maybe for longer periods of time. There are staff and parents who volunteered on the original team and have been supportive of families in this way. Please see the link to a short questionnaire if you would like to join our team.

Black and White Day

What a wonderful tribute to Mr Barry Nas Tuesday was.

Thanks to the BTB band (Miss Mowat and former SHS students Chelsea Whitchurch, Cam Illingworth and Harrison Mills) for leading our school in a Rock and Roll afternoon and concert.

We were blessed by performances by our delightful choir and Mr Clickety Cane , aka, Dan Crawford for leading Grade 3 Green in song.

Parking in Bourke Street

The Launceston City Council have made changes to the parking and bus stops in Bourke Street. In the next week or so you will notice the bus stop has been moved and parking will be made into full day parking. LCC made these changes in consultation with local residents and our school to assist with the traffic issues.

As a school community we know our school is faced with challenges in parking. To assist we ask families who pick up children in their cars to do so from our turning circle in Margaret Street or York Street. The Bourke Street entrance will be available, after school, for students catching the bus only.

Whilst we understand this may mean a change in arrangements for some families, our decisions are made in consideration of what is the safest for all of the children of SHS. Thanks for your anticipated support.

These changes will become applicable from Monday 13th September.

Footy Colours Day - Friday 24th September
